SALUKI FAMILY ASSOCIATION

2019-2020 CALENDAR
Dear Families:

Welcome to the Saluki family! You and your student are now part of a 150-year-old university with a distinguished history and promising future.

SIU students have abundant opportunities in the classroom and beyond. Starting from their freshman year, they can participate in meaningful research and creative endeavors. They benefit from a wide array of cultural, recreational and athletic programs and have access to the beautiful Southern Illinois Region, including state and national parks right around the corner. Salukis are also good neighbors, serving as volunteers on campus and throughout our communities.

In addition to reminding you of important dates, this calendar provides valuable insights into what you and your student may experience during the first year at SIU. We offer many programs and services that help you make the important transition into college life. The success of our students is our number one priority — and as we like to say, “It’s personal.”

On behalf of our faculty, staff and students, welcome to your university.

Sincerely,
John M. Dunn
Chancellor

Welcome, new Saluki family members and supporters!

We are proud to welcome you to the Saluki Family! As a new member of our family, you will find access to many resources that will assist you and your student on the journey toward graduation. After moving into their new residences, they should take advantage of all the opportunities to engage with their peers, make lifelong friends, and participate in intellectually and physically challenging activities. The connections made will allow them to grow academically, socially, emotionally and culturally.

The Division of Student Affairs includes departments and units that support student success outside of the classroom. The resources available to our students range from academic support services, health, wellness counseling, and career services, to student activities and campus recreation. Becoming engaged with the campus community helps students achieve their academic, personal and professional goals. Students begin their journeys with the assistance of New Student Programs, supported by many departments across our campus. The programs and services are designed to engage our students and make them aware of the resources available to guide them toward the ultimate goal of graduation.

As the Vice Chancellor for Student Affairs, I encourage you to use this calendar and the university website to assist your student achieve goals. We are here to support our students and families. Please feel free to contact any of the offices listed throughout this calendar or the Dean of Students Office at 618-453-2461.

With Saluki Spirit,
Lori Stettler
Vice Chancellor for Student Affairs

**SALUKI AMBASSADORS**

**Description**
At SIU, our students lead the way. Saluki Ambassadors are students dedicated to sharing experiences and perspectives about the university they call home. They lead campus tours, sit on student panels and attend on- and off-campus events. Saluki Ambassadors are here to answer questions about student life at SIU. Within our organization of more than 50 members, we elect an executive board of students each year to take charge of elements such as training, communications and engagement, professional development, service, and membership requirements. Each year, we also choose a select team of Senior Ambassadors to assist in training and other leadership opportunities as they arise.

**Hiring**
We recruit and interview for new Saluki Ambassadors during Weeks of Welcome or the first few weeks of the fall semester. Executive board elections are held each November for the following calendar year. Every January we take applications for Senior Ambassadors who have served at least one semester post-training.

**Benefits**
A majority of our Saluki Ambassadors are members of SIU’s competitive scholarship programs, University Honors program and fraternity/sorority life, where they receive campus service hours for their time assisting the office of Undergraduate Admissions. Often these students are the first that we look to for student employment opportunities, and these opportunities have been known to lead to full-time positions after graduation working in higher education.

ENROLLMENT, TUITION AND FINANCIAL AID

Enrollment
- Students register for classes online using SalukiNet.
- To register, student must have a network ID, password, and RUN number.
- First-time students receive counseling and assistance by registering at New Student Orientation and meeting with an academic advisor.
- Students eligible to self-register may still need to meet first with an academic advisor and obtain a RUN number.
- The maximum credit-hour load for an undergraduate student (one working toward a bachelor’s degree) is 18 hours in the fall and spring semesters, and 12 hours in the summer semester. Bachelor’s degree is designed for the four-year completion: 8 semesters and 15 credit hours each semester, or 30 credit hours per year.
- Students should consult with an academic advisor to change or drop classes.
- Students who are considering withdrawing from the university should first consult an academic advisor to understand their best options before initiating the process with the Registrar’s office.

Student Records
The Office of the Registrar provides students with student records, including official transcripts, enrollment verification, tuition adjustments and refund deadlines. The office also monitors student academic progress, including identifying those whose achievements merit inclusion in such honors as the dean’s list.

Degree Works
Degree Works is the university’s official tool for degree clearance. Students should discuss their progress toward degree completion with their academic advisor after reviewing their degree audit.

Tuition
- Use our online financial aid cost calculator at fao.siu.edu/cost to determine estimated costs.
- Note that tuition costs are set by the SIU Board of Trustees in late spring.
- Truth-in-tuition locks in the tuition rate for a student for the four years traditionally required to earn a bachelor’s degree. That means our students’ tuition will not go up from freshman year through their fourth year.

Financial Aid
The primary goal of our Financial Aid Office is to help students achieve their educational potential by providing appropriate financial resources. We are here to guide families and students through the financial aid process and to provide assistance along the way. Financial aid advisors are available during office hours and at New Student Orientation programs.

Installment Payment Plan
SIU and Nelnet Business Solutions (NBS) provide an installment payment program for students. Because it is not a loan program, there is no debt incurred and no credit search. There are no interest or finance charges assessed by SIU or NBS on the unpaid balance while enrolled in the plan. SIU has contracted with Nelnet Business Solutions to provide various payment options.

THE STUDENT CONDUCT CODE PROCESS: A GUIDE FOR PARENTS

Student Rights and Responsibilities (SRR)
SRR serves as a resource for students and staff in understanding and applying the Student Conduct Code. SRR also addresses situations where the code may have been violated. SIU uses a number of avenues, including administrative conferences, to address potential violations. In situations where it is determined that there has been a violation of the code, SRR will assign appropriate sanctions designed to address the violation in an individualized and educational manner that focuses on learning and personal growth wherever possible.

The Conduct Resolution Process
The Student Conduct Code exists to ensure all students are able to study, learn and grow in the best possible environment. To that end, academic dishonesty, unsafe activities and behaviors, inactivity and activities that limit the rights of others are addressed in the code. Because we recognize that the student experience doesn't end at the edge of campus, the university may address violations of the student code wherever they occur, on or off campus. Possible violations are handled in a number of ways, depending on type and severity.

Academic Dishonesty
At SIU, allegations of academic dishonesty, such as cheating and plagiarism, are handled within the individual departments and colleges in most cases. Often these situations are resolved between the student and instructor at an individual level, with the outcome being communicated to the student and department. In some cases, the student and instructor may meet with the Academic Dean to discuss the situation before determining an appropriate sanction. If a student disputes the allegation of academic dishonesty, he or she may request an administrative conference. At this conference, the instructor and student will each have an opportunity to share their side of the situation before a decision is made. Once the conference is complete, the student will be notified of the outcome and of any sanctions that are being applied. If the conference determines the student did violate the code, the student has the option to appeal the decision in some cases.

Behavioral Misconduct
When a report of misconduct is reported to SRR from a faculty or staff member, a student, a member of the community or law enforcement, it is first reviewed to see if there is a possible violation of the code. If there is the possibility a violation occurred, the student in question is notified that a report has been received and is told of the possible violations that are alleged and a conference has been scheduled. Conferences are scheduled to avoid conflicts with classes and academic requirements. At the conference, students have the opportunity to discuss the situation with an administrator, have witnesses speak on their behalf and ask questions of witnesses the university may ask to be present. The administrator will also ask questions to ensure as much information as possible is available before any decision is made. Once the conference is complete, the administrator will review all the available information and make a determination as to whether a violation occurred. The student will be notified of this decision and, if there was a violation, the student will also be notified of any sanctions that are being applied or further actions the student must take. Students who are found responsible for a violation of the code may have the right to appeal the decision or sanctions, depending on the situation. Incidents that occur in facilities operated by University Housing may be addressed by University Housing staff members who have been trained as administrators, or they may be referred to SRR.

The Code and the Law
The Student Conduct Code is separate from the criminal justice process. While law enforcement may notify SRR of possible violations of the code, this does not affect a student’s legal obligations. In many situations, the police may choose to notify SRR of an incident but not arrest or cite a student. In these cases, the university may still hold a conference to determine if the code was violated. In other cases, the student may be required to address the situation through both the university and the criminal justice system. When investigating possible violations of the code, a “preponderance of the evidence” standard is used, meaning SRR is looking to determine if it is more likely than not a violation of the code occurred. As in the criminal justice system, however, a student is always presumed not to have violated the code until it is proven otherwise.

Student Conduct Records
Student conduct records contain all the information collected throughout the conference process. This information may include letters, forms, reports, emails and audio recordings, to name a few. Students may review their files at any time by visiting the SRR office. Information created by other entities, such as police departments, can be viewed by students, but copies must be obtained through the person or department who created it. All student conduct records are protected by the Family Educational Rights and Privacy Act, and we take our students’ privacy seriously. As such, we must have a written waiver on file before we can release any information to friends, family or anyone else.
WHAT’S A SALUKI?
The royal dog of Egypt, the Saluki is an ancient breed of sighthound, recognizable by its tall, graceful build and silky coat. The Saluki is, from ancient times, bred for speed and endurance, and was a favorite among ancient nobility. Today, the dogs are lure-coursers, show dogs and pets. SIU Carbondale adopted the Saluki as its mascot in 1951 and remains the only university with this unique mascot.

The first Saluki mascot on campus was Tut, a 10-year-old dog owned by John and Linda Saunders of Chester, Illinois. Tut attended select Saluki athletic events and other special events, including Homecoming. The tradition continues with several beloved Saluki mascots representing the Tut legacy.

FIGHT SONG
“GO SOUTHERN GO!”
Words and music by Grover Clarke Morgan

Go! Southern Go!  
Fight on to victory!  
Go! Southern Go!

Come on and show,  
Southern, show,  
For all the world to know.  
Nothing’s gonna stop you now!  
Hit that line and show  
Them how to go!  
Southern Go!
